

**MAINSTREAM**  
WATER SOLUTIONS INC.

**Join Mainstream and B&D Well Doctors  
at the 2010 MWWA Trade Show in Winnipeg!**

Mainstream Water Solutions Inc. of Regina, Saskatchewan, and B&D Well Doctors of Brandon, Manitoba, invite you to join us at the 2010 MWWA (Manitoba Water and Wastewater Association) Trade Show, to be held Monday March 15<sup>th</sup> – Tuesday March 16<sup>th</sup>, at the Victoria Inn, Winnipeg, Manitoba. Warren Hermanson, Mainstream's Account Executive - Biofiltration, along with Don Hamilton of B & D Well Doctors will be exhibiting at Booth #81, and would be pleased for you to stop by for a visit.

Mainstream specializes in "green" drinking water treatment solutions for small municipalities, and has water treatment plants operating in Saskatchewan, Manitoba, and Alberta. Our ozone-assisted biofiltration systems are cost-effective, easy to operate, reliable, and produce very little wastewater. Our proven technology provides exceptional quality drinking water, even from the most difficult-to-treat raw water sources, including both surface and ground water. Mainstream systems are custom-designed to suit each customer's specific needs and conditions, providing from 1 m<sup>3</sup> up to 2,000 m<sup>3</sup> of treated drinking water per day.

Please stop by our booth, or contact us for more information. You can also view our complete list of upcoming events on the Mainstream website:  
[www.mainstreamwater.com](http://www.mainstreamwater.com).

Sincerely,

Warren Hermanson  
Account Executive - Biofiltration
